HSC Achievements 2021

Message from the College Principal Mira Hasofer

Mazal Tov and congratulations to our 72 Masada College HSC students for their results and achievements in the 2021 Higher School Certificate.

Our remarkable students took the unprecedented challenges of 2020 and 2021 in their stride and emerged as confident, capable young men and women, ready to take on the world that awaits them. Each and every one of our students embraced their inner strength, set their mind to succeed, held on tight during the most testing weeks and months and achieved their own personal best.

Our results this year affirm Masada College's place as an outstanding Jewish, Independent Day School, unique in its ability to help students from all backgrounds and competencies achieve academic results that we are all proud of. The breadth of high achievements across all areas of learning, from Mathematics and Science to Classical Hebrew, Modern Hebrew, Business Studies, Music and Food Technology, confirm for us all that when passion, dedication and hard work meet, outstanding results emerge.

Congratulations to Kevin Lin our Dux, who achieved an ATAR of 99.70. Mazal Tov to our All Rounders, Aiden Bergheim, Kevin Lin and Ilana Stitz who achieved a Band 6 in ten or more of their units. We recognise the success of our Distinguished Achievers List, where 53% of our students achieved a Band 6 in at least one of their subjects. Putting aside the Band rankings, we are equally proud of all our students who have strived to achieve their personal best and can hold their heads high.

We are delighted that Masada College has moved up 45 places in the 2021 HSC NSW (SMH) School rankings.

Our thanks to our unsung heroes - every teacher, administrator and leader at Masada College, for helping our students prepare to take their place in the world that awaits beyond the school gates.

To our Masada graduates:

Yagatem U'Matsatem יַגעתֶם וּמַצַאתֶם

You have worked hard and you have been successful.

A Message from the Campus Rabbi Rabbi Paul Lewin

We have concluded the festival of Chanukah and you have completed your schooling. This year has been an historic year and when you look back at it, although you will feel robbed of some of the traditional Year 12 experiences, you will have gained other experiences and lessons that you will carry with you for life. In a sense, you are modern day Maccabees. You did not have to fight a physical enemy, purify a Temple or fight for your identity. Rather you have had to contend with a pandemic and lockdown.

The Maccabees of old had a choice, lie down and accept the new reality or push back and fight for their values. As we know from the story, this is exactly what the Maccabees did, and although outnumbered, they managed to win an incredible victory. This was not the end of the story. When they arrived at the Temple, they found it desecrated. They cleaned the Temple, repaired the menorah - the candelabra - and went in search of oil. They only found one small jar, enough to light for one night. It would take a week to produce fresh oil. Many would have argued that the correct course would be to wait a week and then begin the lighting ceremony. In this way, they would be able to light the candles every day without a break. But this is not what they did. They chose to light the oil that was available, and what would be would be.

The lessons from the Maccabees were clear.

- 1. Life will not always be as smooth as you think. There will be challenges thrown at you. Be they physical, medical, ethical or religious. Challenges that will call on you to respond.
- 2. That even when we respond, there will be different options before us.
- 3. Even if we have overcome a challenge, there will be others lurking around the corner.
- 4. Seize the moments. Even if you are told to wait. There is no time like the present. For you never know what tomorrow may bring.
- 5. No one knows the future. All we can do is deal with the current situation. Be open to pivot and re-evaluate the situation as more information comes to light.
- 6. Even if we can only find a small jar of oil. Light it for the light will drive away the darkness and you never know, something miraculous may happen.

Class of 2021, all that the Maccabees had to contend with, you have had to as well, with Covid. The Maccabees did not dwell on the defeats, nor complain when things went wrong. They celebrated their victories and focused on the light. A lesson that we commemorate every year by lighting the Chanukah candles.

Class of 2021, this HSC is your small jug of oil. You have found the fortitude to soldier on during this year and achieved, not only in terms of results but in terms of lessons learnt. You have lit your own personal chanukiyot - lamps, that will burn brightly into the future. Like the chanukiah, where each night we add one more candle, may you be blessed to use your future experiences to light the candles of your chanukiah and we look forward to seeing the brilliant lights that you will create and shine into your future.

Hatzlacha Raba- best of luck as you start the next stage of your journey.

HSC DUX - Kevin Lin ATAR 99.70

Kevin is looking forward to spending time with his family now that his HSC is over and is considering studying finance at university this year. Kevin joined Masada in Year 10 and believes the experienced and passionate teachers have made a huge difference to his education. He is very grateful for the way the College has supported the Year 12 students during COVID and particularly the many scheduled revision lessons. Kevin believes the key to success for the HSC is to complete all the homework tasks and remaining focused in class. "I would like to thank my teachers for their support and dedication over the last two years".

Selected for ARTEXPRESS 2022

Artist: Karen Qiang

Form: Time Based Forms

A Way Out - Youtube link: https://youtu.be/2owUqsgQ--Y

Artist's Statement:

People would reflect what happened in reality into their own consciousness, forming a unique, individual imaginative world. They may be twisted or exaggerated. My body of work explores the struggle of stepping out of my comfort zone. Such a "small" thing as raising a hand in the class is an extreme challenge of overcoming fear, thus it becomes a battle, facing

the distorted self as the enemy, who always laughs at the cowardly, pessimistic past. The door which represents courage is close at hand, but I exhausted all my strength to reach it, and the run will continue.

My artmaking practice has been influenced by the study and interpretation of the following artists and their artworks: sakanauosakana (DIE IN THE SEA), Li Shuyu (Undetectable Box) (False Memory) (Mobius), Ru Yiting (Alita's Trial), Huang Xinyuan (Canon's Murder).
